Georgia Pacific Corporation
P. O. Box 19130
Green Bay, WI 54307-9130

Dear Mr. Toma:

This is in response to your letter requesting a delay of our decision on your request for a Plan of Operation modification for Cell 13A at your Green Bay West landfill. We understand that this request is due in part to the need for an approval to accept TSCA level wastes that has not been granted at this time. Based on your request, we agree to delay any further action on your plan modification request at this time. We will take no further action on the request unless and until you notify us that you would like us to proceed with the review.

Sincerely,

Len Polczynski
Region Waste Manager
